

the full measure of his devotion to the United States.

Madam Speaker, please join me and the employees of Norfolk Naval Shipyard in offering our sincere congratulations to Mr. Strickland on his exemplary service and a retirement well deserved.

EARLY DETECTION MONTH FOR BREAST CANCER

SPEECH OF

HON. EDDIE BERNICE JOHNSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, January 20, 2010

Ms. EDDIE BERNICE JOHNSON of Texas. Mr. Speaker, I rise today in support of H. Con. Res. 158 to express my support for the designation of an early detection month for breast cancer and all other forms of cancer.

Early detection is incredibly important in saving the lives of victims of cancer. While this is true for people suffering from every form of cancer, it is particularly important for those suffering from breast cancer. Breast cancer can be detected through procedures that screen for abnormalities in breast tissue, and it is considered to be the best way for women to lower their risk of dying from the disease. Essentially, these screenings find the cancer early, when it is most treatable, and for this reason, designating an early detection month is incredibly important to help save the lives of the almost 200,000 women in the United States who are diagnosed with invasive breast cancer each year.

It is important to note, as well, that the risk of getting breast cancer is much lower for African-American women than white women; however, African-American women are more likely to die from breast cancer. This is attributed partly to the fact that African-American women are less likely to get regular mammograms, resulting in a diagnosis of breast cancer at a later stage. This is one more reason why designating an early detection month is so important.

In my district, we are doing our part to ensure early detection. Susan G. Komen for the Cure is one of the leading advocates for breast cancer awareness and actively promotes early detection. From their headquarters in Dallas, they have been advancing the cause for breast cancer prevention and awareness across the country. I am proud of the work they have done to save countless lives across the country.

Mr. Speaker, today I encourage my fellow colleagues to join me in supporting this very important resolution that expresses support for the designation of an early detection month for cancer and breast cancer.

HONORING THE LIFE OF WILLIAM MATSON BOYD

HON. RALPH M. HALL

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, January 21, 2010

Mr. HALL of Texas. Madam Speaker, I rise today to honor the life and achievements of William Boyd of McKinney, Texas, who

passed away last year at the age of seventy-one.

Bill was born August 8, 1938 in McKinney, Texas to Roland and Nanette Boyd. He received both an undergraduate and JD from SMU in Dallas. He was elected Collin County District Attorney even before completing his law degree.

Bill realized his passion for law and gave up his political ambitions to work for the successful law firm his father founded. Over his career, Bill handled many prominent cases. He was well-known in north Texas area for his work with the Dallas police and firefighters in a back-pay lawsuit.

Bill was a longtime member of the First Baptist Church of McKinney, Texas where he served as Chairman of the Board of Deacons. He was preceded in death by first wife, Betty Boyd.

He will be missed by wife, Barbara White Boyd and a host of friends. Bill and I stayed in touch. I received much advice that I acted on. Bill was a great lawyer and a super friend.

Madam Speaker, I commend Bill Boyd for his commitment to the legal community, and I ask the U.S. House of Representatives to retire at close of House business today in honor of this fine friend.

EARLY DETECTION MONTH FOR BREAST CANCER

SPEECH OF

HON. DEBBIE WASSERMAN SCHULTZ

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, January 20, 2010

Ms. WASSERMAN SCHULTZ. Mr. Speaker, I rise today in support of House Concurrent Resolution 158, expressing support for the designation of an Early Detection Month to enhance public awareness of cancer screening.

As a young woman, I recently experienced firsthand why early detection is vital. As you may know, nearly two years ago, I was diagnosed with breast cancer.

During my year of treatment, I underwent genetic counseling and testing. I met with many specialists. I had seven surgeries. I am pleased to stand before you today cancer-free.

But the fact is, I may not have been around for any of these life saving procedures if I didn't have the knowledge and awareness to catch my lump early.

As a Member of Congress and lifelong advocate for early detection of cancer, I knew the statistics for breast cancer—that 1 in 8 women will be diagnosed in her lifetime.

I knew the importance of knowing what your breasts are supposed to feel like—that's why I chose to do self-exams.

I knew the importance of early detection—clinical exams every 3 years as of age 20; every year after 40 . . . mammograms every year after 40.

And yet for all that I knew to help me increase my chances of early detection of cancer, I soon realized how much I didn't know.

I didn't know that—even with no immediate family history of breast cancer—as an Ashkenazi Jew I was five times more likely to have the mutation . . . and, if I did, that I'd have up to an 85 percent lifetime chance of getting breast cancer . . . and up to a 60 percent chance of getting ovarian cancer.

I didn't know that, because it's often more aggressive and diagnosed later, younger women—compared to older women—are more likely to die.

But I thank God that I knew enough. I didn't find my tumor through luck. I found it through knowledge and awareness, the fundamental tools for early detection.

These are the reasons why I commend my colleague, Congressman ETHERIDGE, for introducing this critical resolution that will enhance public awareness of screening for breast cancer and all other forms of cancer.

At the end of the day, knowledge is power. And with this resolution, we will give men and women all across America the power to detect cancer early, and we will save lives.

HONORING THE LIFE OF ZANER FAY CULBERSON ROBISON BENETIN

HON. RALPH M. HALL

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, January 21, 2010

Mr. HALL of Texas. Madam Speaker, I rise today to honor a respected public servant, Zaner Fay Culberson of Royse City, Texas, who passed away this past June at the age of ninety-five.

Zaner was born to Tom and Hattie May Culberson on March 13, 1914 near Gilmer, Texas. In 1939 Zaner married Robert Robison. They soon moved to Caddo Mills, Texas, where they jointly founded the Caddo Mills Enterprise and purchased the Royse City American in 1942. They started the Tawakoni News in 1963. Robert passed away in 1975, and Zaner continued operation of the newspapers. She went on to found four more local papers in the region.

Zaner served as Mayor of Royse City from 1980 to 1982. She was a longtime member of the Chamber of Commerce of Royse City and the Texas Press Association. In 1979 Zaner married to John Benetin, whom she led into the newspaper industry.

Zaner was an active member of the Royse City United Methodist Church where she taught several classes and served as a member of the administration board. She was later President of the United Methodist Women for the region. She is preceded in death by husbands, Robert Robison and John Benetin. She will be missed by a host of nieces and nephews and the entire Royse City community.

Madam Speaker, as we adjourn today, let us do so in memory of Zaner Fay Culberson, who for many years I could count on for wisdom and support. I commend Zaner for her lasting impact on the newspaper industry and devotion to community service.

HONORING TONY KENNETH MEUNIER

HON. BRIAN HIGGINS

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, January 21, 2010

Mr. HIGGINS. Madam Speaker, I rise today to honor Tony Kenneth Meunier in celebration of his recent retirement from the U.S. Geological Survey (USGS) after almost 42 years of
